Get ready for an exhilarating weekend of art exploration at the fourteenth annual Chester County Studio Tour on May 18th and 19th! What began with just 25 artists and 12 studios has blossomed into a spectacular showcase featuring 203 artists in 76 studios. Each spring, our tour sparks our community with the abundance of talent that our artists display, eagerly sharing their creativity through this venue.

County Studio Tour was created with both artists and art enthusiasts in mind. It provides emerging and professional artists with a platform to exhibit their work and their creative spaces, aka their studios. Some of our artists are just starting to share their work, others are pursuing it as a second career, or creating purely for joy. These artists represent a diverse range of backgrounds and styles. For some, this tour is their sole opportunity to connect with the public, while others showcase their work in galleries or travel the country for art fairs and exhibits.

As a viewer, you're invited to immerse yourself in a world of art without limits. The event offers a free, unlimited experience to appreciate and engage with true art, perhaps for the first time. We encourage you to strike up conversations with the artists about their processes, materials, and how art enriches their lives. Our goal is to inspire you to welcome more art into your own life.

In a world of fleeting digital images and the threat of Artificial Intelligence, the studio tour stands as a beacon of authentic, personal connection. It's a weekend in May where you can embrace the arts in Chester County. Join us for an unforgettable adventure that celebrates original art, creativity, and community!

Jeff Schaller, Organizer & Founder

# The Chester County Studio Tour isn't just an event; it's an experience that can add deep meaning to your life.

It is more than viewing art; it's about *experiencing* art in a way that can enrich your life, and the life of an artist, while creating a lasting impression on both.

## Here's how:

**Connection:** The tour fosters connections between artists and viewers. By engaging with artists about their work, gain insight into their creative processes, inspirations, and life stories. These interactions can be profoundly enriching, offering new perspectives and forging meaningful connections.

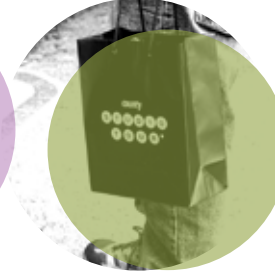

**Inspiration:** Seeing the passion and dedication of the artists can be incredibly inspiring. It may encourage you to pursue your own creative interests or simply to appreciate the beauty and value of art in a deeper way.

**Community:** The tour brings together people from all walks of life who share a love for art. A sense of community is nurtured; viewers and artists can interact to celebrate creativity and artistic expression.

**Reflection:** Art has the power to evoke deep emotions and provoke thought. As you explore the various studios and artworks, you may find yourself reflecting on your own life, values, and experiences, influencing an inner sense of personal creativity.

**Legacy:** By supporting local artists and engaging with their work, you become a part of their artistic journey. Your patronage and appreciation can have a lasting impact, inspiring them to continue creating and contributing to the cultural richness of the community.

**MAY 18**  
10 a.m. – 6 p.m.

**MAY 19**

We are so pleased that **Citadel Credit Union** has once again partnered with us in supporting our mission of promoting local and regional artists.

Buying a piece of art from a local artist does so much, not just for the artist, but for the community. It nurtures and gives value to the creativity in that community. Dovetail Auctions and Pook & Pook share that belief with us.

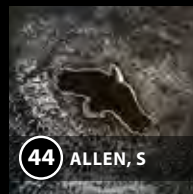

Chester County Studio Tour has invited the artists to create only one County Collector for \$90. Whether this is your first time buying original art or you are a seasoned collector, there is now something for everyone.

## MEET THE ARTIST

I was born 60% blind. Christmas time 1961 my mom said “look at that beautiful tree!” I said “What tree?” and was quickly diagnosed, and subsequently given tiny little thick glasses. Suddenly I saw the light and now see the world as one giant, sometimes fuzzy composition but happily can paint 2 inches from my work without corrective lens. More recently I’ve begun to paint much larger canvases and this is a true challenge!

I mentally compose almost every moment as a painting. My senses of smell and hearing developed to a super level because of my lack of sight. Sometimes this gift is overwhelming but I cannot control it, and I usually don't want to do so! The minutiae of our planet is full of beauty if you just STOP and look.

My creativity is sparked by golden lowlights of dawn and dusk and my interests are highly diverse. Frequently drawn to the form of a beautiful woman and the beauty of Mother Nature. Much of my latest work is more personally symbolic and a reflection of the puritanical changes in society as a whole.

# RACHEL ROMANO STUDIO | ♿

1306 Oak Street • Coatesville Pennsylvania 19320  
(484) 288-0170

## MEET THE ARTIST

"It is my hope that when people view my paintings they are taken somewhere within their own story."

Rachel Romano is a contemporary American artist who tells stories with her layered figurative paintings. After a diverse career history in advertising, architecture, and landscape design, Romano found her calling as a fine artist/visual storyteller in 2015. Since then, she has received awards, attended multiple residencies in Europe, been interviewed for various publications, and has been exhibited and collected around the world. In short, the response Romano's work has received has been overwhelmingly positive.

Spontaneity, constant evolution, allegory, symbolism, and both personal and popular myth are all intrinsic to Romano's art. The colorful palette she uses on her large linen surfaces adds whimsy to quasi-Shakespearean scenes. Ultimately, Romano's storied paintings are open for individual interpretation—and she encourages it.
